SRA Summer 2015 Newsletter

Risk-based policy-making and scientific uncertainty dominate discussion at 24th annual meeting of SRA Europe

Fascinating discussions, including on consumer risk, risk perception, and natural versus man-made disasters, help make Maastricht 2015 SRA Europe's most notable meeting to date. Sessions with speakers ranging from the President of the European Environment Board to a Dutch Member of Parliament helped provoke insightful and far-reaching debates among the delegates, often with fascinating conclusions.

Find out how you can maximise your SRA membership by joining the first SRA Webinar hosted by President Pamela Williams and President-Elect James H. Lambert. **"What is SRA" will be hosted on Monday, July 27th. Register while you still can.**

Former SRA President Prof. **Ortwin Renn heads to Australia** to spearhead a variety of workshops, seminars and public lectures. **View his full itinerary here.**

Join the discussion on what defines risk analysis by reading the **Foundations of Risk** document **here.**

The discipline of risk lost a true hero this year. SRA Charter member since 1980, **George Alexeeff served with distinction as Director of the California EPA office of Environmental Health Hazard Assessment.** His passing on June 29th was unexpected and his devotion to protect public health will be missed. **Read more about Dr. Alexeeff.**

The SRA's Fourth World Congress on Risk in **Singapore** is fast approaching. Featuring sessions on Ebola Risk Management, Food Safety and Nanotechnology as well as keynotes from senior

UCLA Engineering launches the B. John Garrick Institute for the Risk Sciences to improve resilience and prevent failures of complex natural and man-made systems and processes. **Find out more about the institute.**

As part of SRA's ongoing efforts to support, educate and promote its members, the Membership Committee is pleased to announce the launch of **SRA's new Twitter Campaign.** **E-mail us about your work and we will Tweet about it.**

Society of Risk Analysis

Glossary

A new **glossary of risk-related terminology** was approved by the SRA Council this June. Find out

members of Singapore
Parliament and US EPA,
the congress is certain to
inform and entertain all in
attendance.
